here, it was clearly established in the fourth circuit that an employee's speech about serious government misconduct is protected under the first amendment
remember how he stated no matter what they do the govt slice of the pie is always around 17 if they raise or lower taxes? tweaking the numbers one way only kills it off economy in another
i'm normally sensitive to some scents but this past weekend and was disappointed and surprised, that the hair should be hot and dirty conditions.
we exchanged rings at a white wedding in st john's wood in 1975.
